

2008□9□□□□

A horizontal sequence of 20 squares. The first 18 squares are green, the next 2 are red, and the last 2 are green.

The image consists of four horizontal rows of red-outlined rectangles. The top row contains 10 rectangles. The second row contains 6 rectangles. The third row contains 7 rectangles. The bottom row contains 14 rectangles.

A horizontal row of 20 empty rectangular boxes, intended for students to write their answers in a cursive handwriting style.

The image displays two horizontal rows of empty rectangular boxes. The top row consists of ten boxes arranged side-by-side. Below it, the bottom row consists of twenty boxes, also arranged side-by-side, creating a visual representation of a 2x10 grid.

The image consists of two rows of empty rectangular boxes. The top row contains 10 boxes arranged horizontally. The bottom row contains 11 boxes, also arranged horizontally, positioned directly below the top row.

The diagram consists of two rows of ten empty square boxes each. The first row has a horizontal line above it and a vertical line to its right. The second row has a horizontal line above it and a vertical line to its right. An ellipsis (three dots) is positioned between the two rows. Below the second row is another row of ten empty square boxes.

The image consists of two identical horizontal rows of ten empty rectangular boxes. The top row has a bounding box of approximately [106, 78, 490, 138] and the bottom row has a bounding box of approximately [106, 158, 490, 218]. These boxes are intended for children to draw tally marks in.

A horizontal row of twelve empty square boxes, intended for children to write their names in, likely as part of a classroom activity.

A horizontal row of ten empty square boxes, intended for handwritten responses.
